All Dysart's Made Pies are 11 inches!

At Dysart's our talented bakers take pride in baking the very best pies. We go to great lengths to buy Maine fruit when we can. We get our apples and strawberries locally and we get our blueberries from Wyman's! The fruit is hand mixed. We add sugar sparingly, so that you can savor the natural splendor of the fruits. To top it all off, our hand-made crust is super flaky and very tasty! We have many flavors to choose from and we also have sugar free options.
